

Sticklers™ Enterprise Field Inspection & Cleaning Kit

Product Features:

- Inspect, Clean, Inspect – less than ten seconds to complete to ensure you get the job done right the first time, every time
- Kit includes everything needed to effectively inspect and clean fibers for splicing and connecting LC duplex and MPO connectors
- The VIAVI FiberChek™ Probe Microscope is an “all-in-one” handheld scope with built-in capabilities for image viewing, auto-focus, PASS/FAIL analysis and storing/recalling results
- The inspection scope includes automated inspection software for consistent and accurate results using the IEC 61300-3-35 PASS/FAIL criteria for visual inspection
- Watertight, airtight hard carrying case meets MIL STD 512.4 and IP67 rating for immersion

Inspect – Clean - Inspect

Easy 3 Step Process Takes Less than 10 Seconds

Contaminated end face seen through the FiberCheck™ Probe

Step 1:
Visually inspect the connector end face

Step 2:
Clean the connector end faces to remove the contamination

Step 3:
Reinspect and mate the connectors

Pristine end faces compliant to IEC 61300-3-35 as seen through the FiberCheck™ Probe

Why Your Company Needs Sticklers™ Enterprise Field & Inspection Cleaning Kit

- **SAVE MONEY** - The average expense of labor for a network installation is 80%
- **SAVE TIME** - \$500 + 3 labor hours is the US avg. cost to roll a truck back to a worksite for repairs and rework
- **CUSTOMER SATISFACTION** - 49% of customers stopped doing business with a company after poor customer service
- **PRODUCTIVITY** - Ensures you always have the necessary cleaning supplies on hand
- **SAFEGUARD** - Protects your valuable gear from accidental drops

Kit contains everything you need for quick and effective fiber optic cleaning and inspection.

When you need perfectly clean splices & connectors™
